

SERVICES: RECREATION/YOUTH

There was a general concern that there were insufficient facilities/activities for the young in Christian Malford; in particular for the 10 to 17 year old age group.

There was a general call for an increase in the number of sporting facilities available in the Village; a very large demand being for tennis courts.

'a multi-games area with tennis, 5-a-side football, basketball etc'

'a hard surface tennis court, which could also be used for basketball and netball'

'any additional facilities may well require extending the Rec'

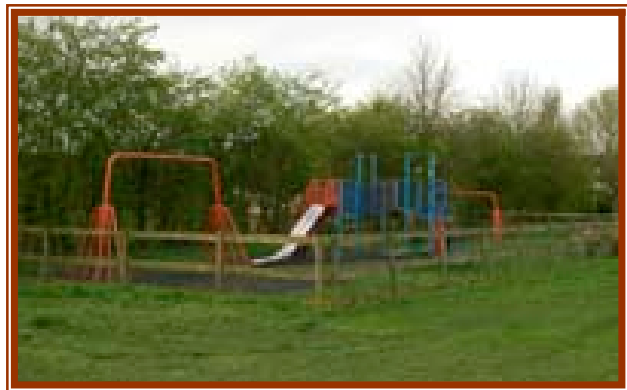

'I would like to see more activities for teenagers to do at the weekends or during holiday breaks'

'Some sort of youth activity providing that there is sufficient support and sufficient volunteers to run it'
