

The steering group for the CM Neighbourhood Development Plan (NDP) met for the 3rd time in The Rising Sun on Thurs 10th April 2014.

Those present:

Kevin Watson

Alison Cross

Mike Lawrence

Jo Lawrence

Neil Chambers

Iain Le Duc

Ian Bell

Absent:

Anthony Hughes

Andrew Moss

Iain gave a review of the village plan. He believes that the historic information is fine to use in the new Neighbourhood plan but that he believes that the 'present' and the action plan will both need updating. However, it offers a good general background.

Neil will join Kevin at the Wiltshire Council meeting to discuss communications and will feed back.

Mike's detailed village map needs to be expanded to cover the whole of the parish. Once this has been done, Mike will print it out an A1 for the next meeting.

Kevin will circulate final version of the document describing the NDP & will discuss with Anthony Hughes how best to distribute it in the Parish magazine.

It was agreed that we need to know what plans are in existence for the village hall. (?action **Andrew Moss**)

Ian Bell offered to create a data set to assess the village house size, such as;

large detached

med detached

small detached

large semi

med/small semi

large bungalow

med/small bungalow

industrial units

He and others will walk the parish with Mike's map and make a census of the data set.

The committee have not yet agreed how the farmers can be approached.

Kevin will approach Louise from Wiltshire Council re dates she can meet us.

We arranged two dates for the next meeting (to fit with Louise's possible visit) of Wed 7th May or Thurs 15th May. Kevin will advise all.
