

The steering group for the CM Neighbourhood Development plan met in The Rising Sun
14th Aug 2014.

Those present:

Kevin Watson
Alison Cross
Neil Chambers
Iain Le Duc
Ian Bell
Mike Lawrence
Jo Lawrence

Andrew Moss sent apologies

Ian talked through the results of the questionnaires. The response to them was better than expected, and were tabled by Ian. The responses were discussed and it was agreed that the views expressed regarding Lye Common could be shared with the Parish Council.

Kevin shared the proposed revision to the Development Boundary, that was given to him by the County Council. Kevin tabled his responses to these changes. He explained that the Council were intending to propose a further revision taking account of the additional housing requirements, to be shared out amongst the parishes according to some, as yet unclear, criteria. It was agreed that Kevin should approach the County Council with a request not to publish their proposal for Christian Malford until at least 31/12/14, by which time we expect to have identified the views of the parishioners.

As discussion was had on what was proposed to happen at the public meeting. We agreed a poster presentation; explanation of terminology; map of responses to Q6 of the questionnaire. Mike was delegated to produce the map based on data prepared by Ian. Kevin will advertise the public meeting in time for the next Parish Magazine, and Neil will advertise the meeting on the village website.

A sub committee consisting of Ian, Jo and Alison will meet to analyse the responses and form them into a suitable document for publication at the public meeting, as well as preparing data for use on the proposed Map showing responses to Q6.

Next meeting 28th August, same place, same time.
